NEW DIRECTORY.

Nearly every day reports reach us
which intimate beyond doubt that
early in the coming season the R. &
L.L. R.R., will be a connecting link
between us and the eastern and west-
ern parts of the Dominion. When
we consider the wonderful develop-
ment which has taken place here
during the past ten years without
any such connection we may reason-
ably look forward to something al-
most phenomenal in our growth
within a very few years, providing
the energy heretofore displayed by
our citizens is continued. We are
happy in possessing a united popu-
lation alive with faith in the future
of their district. With such a founda-
tion it only requires that the over-
crowded parts of the east should be
made aware of the advantages we
offer for settlement to assure that
success which our past efforts and
the natural wealth of our district en-
title us to. Now that access to Sas-
katchewan is made easy, every set-
tler in our district should feel it his
duty to advocate its importance.
The effort in this direction already
started by Mr. Betts, is a worthy
one; he reports that nearly all that
he has so far interviewed seem an-
xious to assist what is certain to
prove of great benefit in attracting
the attention of emigrating people
towards the most fertile section of
the Great Saskatchewan Valley. Let
the support be unanimous.

It is intended first we understand
to publish a neat little pamphlet,
octavo size with from sixty to eighty
pages containing business advertise-
ments and full descriptive matter on
every section of the district, setting
forth nature of its soil, adaptability
for farming, gardening and stock
raising of all kinds. Its timber,
mineral and fishing wealth etc. etc.
When finished it will be circulated
along the C.P.R., east of Regina,
and in parts of Ontario, Quebec and
the Maritime provinces. Advertis-
ing space has been placed at nomi-
nal prices—full page \$10; half page
\$6; quarter page \$3 50; with a re-
bate should advertising more than
cover the cost of publication,
and extra copies may be secured at
their actual cost. While this pam-
phlet in itself is bound to do much
good, the bids for settlement which

are now being constantly made, by
less favored districts, demand that
it be followed up by further action.
Advertising our advantages is worthy
of our best efforts. Let our Town
Council not only secure a liberal
supply of Mr. Betts' pamphlet and
see that they are placed at proper
distributing centres, but let them
advance some other scheme with the
object in view, and they will find the
Ratepayers supporting them in the
necessary expenditure.

EDITORIAL NOTES.

English merchants doing business
at Lisbon and Oporto have protest-
ed against the British ultimatum to
Portugal.

Louis Deas, the mulatto who shot
and killed Birtle in Toronto some
time ago, has been sentenced to the
penitentiary for ten years.

Dom Pedro has arrived at Cannes.
He appears terribly aged and enfeb-
bled, both in body and mind. He
intends to spend the whole winter at
Cannes.

The capacity of Winnipeg journals
for absorbing one another is truly
wonderful, and the voracious appe-
tite which displays itself in this way
at frequent intervals must be one of
the effects of the healthy and invigo-
rating climate. As soon as a cold
"dip" comes, an immediate conse-
quence seems to be the gobbling up
of one of these journals by a hungry
confirer. The Winnipeg Free Press
is swollen big with several victims,
and can indulge in the pleasant
set forth in the verses of the London
wit, where the rescued sailor asserts
he is the midshipmite, and the
bo'sun tight, and the crew of the
captain's gig.

**CONSERVATISM vs. THE RAGE FOR
NOVELTIES.**

The Seed Annual for 1890, issued by
D. M. Ferry & Co., of Detroit, Michi-
gan, has reached our table. Its cover
this year is especially artistic and at-
tractive, and its contents as usual, interesting
and instructive. Ferry's seeds are
thoroughly reliable, and always come
true. The directions given in the Annual
for the cultivation of both flowers and
vegetables are so full and explicit that
no one can fail of success who uses their
seeds and follows the instructions.

D. M. Ferry & Co. are very conserva-
tive, both in offering new sorts and in
their claims for them when offered; but
they take pains to inform themselves as
to the true character of all new varieties
so if some much lauded novelties are not
found in the Annual, the probability is
they have tested them and found them
of no value.

A request sent to the firm at Detroit,
Michigan, will bring you a copy of the
Seed Annual for 1890 by return mail.

GENERAL NEWS.

Attorney-General Martin, who had been in Ottawa for some days, left there on the 20th inst. In an interview he said he believed that there would not be more than seven members who would vote against the Government on the French and Separate School questions in the Manitoba Legislature. There was no real trouble between himself and the members of the Cabinet, and he did not propose to leave the Cabinet until the Separate School question was settled. On being asked as to the newspaper in Winnipeg, he replied that he knew nothing about the Government starting an organ.

The difficulty between England and Portugal regarding their respective spheres of influence in Africa has caused a serious review of the general situation of European affairs. Lord Granville in speaking to day said: "The possibility of European war darkens and saddens all the future and it is difficult at times to look across the water, that gigantic daughter of the west, where there is no race hatreds, no blood tax, no fiscal over pressure, no possibility of war, where sixty millions of men, soon to be double and triple that number can go about their human business in confidence and peace."

The jury in the suit of Caroline Cameron against Clemens Muller, for \$150,000 damages for breach of promise of marriage, rendered a verdict this morning in favor of the plaintiff for \$12,000. A motion by defendant for a new trial was denied and the motion for an allowance for plaintiff's granted. Daniel Dougherty was counsel for the plaintiff, and Col. R. G. Ingersoll for the defendant. The case has been going on for a week or more, and has been furnishing New Yorkers with something to laugh at. The plaintiff is a Philadelphia music teacher, and the defendant is a gray headed millionaire, who has a fine living, in a lunatic asylum. They met in 1885, and Muller fell in love with the pretty music teacher. According to her evidence he "dropped upon his knees and declared that he loved me with his whole, whole heart, and that he could not live without me. I consented, and he kissed me passionately again and again." Miss Cammerer's brother, Frank P. Cammerer, and his wife also testified to the ardent affection of Muller, and said that whenever they saw the couple together they were always hugging and kissing each other fondly. When it came down to the marrying point, however, Muller suddenly recalled the existence of his insane wife, and so the marriage did not take place. Hence this suit.

John Owens, of Winnipeg, on his way home to Scotland, was arrested at Montreal on the 19th inst. The prisoner was wandering in the street crying "Save me from them." In his pocket they found a ticket for New York and another for Liverpool on the Guion Line. After spells of quietness he would break out violently. He tore up the floor of his cell and had to be removed to another. He will be examined by doctors and the Winnipeg authorities will be communicate with.

The Washington Herald of the 19th inst. revives the story about Secretary Blaine's resignation. It says the belief that Blaine's resignation as Secretary of State is impending, has become very strong within the past few days, and after repeating rumors, current from time to time, of strained relations between the president and Secretary of State, adds: "The death of his son, Walker, it is believed, will furnish an additional and very strong reason to Blaine for quitting at once his place in the State Department."

Ex Mayor Henry, of Brantford, had a talk with the young men of that town, under the auspices of the Young Men's Christian Association, on Manitoba, the Northwest Territories and British Columbia. His aim seemed to be to encourage young men to be true to Canada and the heritage which had been secured for them. He traced the history of the Canadian Pacific Railway and claimed that it was the most remarkable undertaking in the way of railway construction in the world.

Important changes are pending in the composition of the channel squadron. The fleet will be put on a more effective footing in view of the general uneasiness among the nations.

Thos. Edison has nearly completed an electric motor for street railway cars. His arrangement dispenses with the

overhead high tension electric wire and also with the storage battery. Thus far his experiments have been very successful and within a short time he expects to be able to present to the public a motor that will solve for all time the question of street railway locomotion. His invention is not nearly as complicated or dangerous as the electric motors which are now in use on some of the street railways.

A gentleman at Qu'Appelle had grown quite disgusted with the manifestly unfair attacks of the Free Press upon the Manitoba Government at the close of the year transferred his subscription to the Sun. The first issue of that luminary that he received, announced that it had been purchased by a new combination, and it became anti-Greenway. A few days later another turn of the kaleidoscope merged the Sun into the Free Press, and that Qu'Appelle subscriber is again receiving the Free Press in spite of himself. As to the state of his deponent sayeth not.—Journal.

EDMONTON.

From the Bulletin.

The government grant to the agricultural society this year of \$133.33 has been received.

K. A. McLeod, left on Thursday's stage for Washington Territory. He does not expect to return here for about eighteen months.

S. S. Taylor shot a coyote opposite his office on Monday morning. This fellow has been seen around town several times this winter.

Supt. Griesbach recently purchased a block of land near Fort Saskatchewan from C. Robertson for \$750. This is another reason why the headquarters of Mounted Police in this division should remain at Fort Saskatchewan.

Hugh McKay has received several letters of enquiry from intending emigrants asking about the resources and prospects of this country.

The entertainment in the School house in connection with the public school, on Tuesday night, was very successful, and well attended. The programme, gotten up by the children, was well rendered and reflected credit on those training them for their several parts. Recitations, readings, dialogues, and vocal and instrumental music formed the bill of fare. Over \$16 was realized.

The Christmas examinations of the Edmonton public school were held in the school house this week. On Friday there were quite a number of the parents and trustees present. The children acquitted themselves creditably and showed marked advancement since last quarter. The Christmas holidays begin to-day and will continue until towards the middle of January. The prizes are to be given the children on Monday.

BATTLEFORD.

From the Herald, Jan. 8.

W. Laurie, who has been transferred from the Indian Agency office here to the Land Office, at Regina, leaves by stage to-day for his new field of labor.

Mrs. J. H. Storer will give the next social in aid of the funds of the Presbyterian Church on Thursday evening next. She will hold it in the house of Mr. P. G. Laurie, which has been placed at her disposal for that purpose.

A meeting of the council of the rifle association was held at Mr. Lawson's office on Saturday evening. Mr. Ashby, president, in the chair. The secretary treasurer was temporarily accepted by J. B. Mercer. After the business of the meeting was over the president brought up as unfinished business the presentation of a testimonial to Mr. Wm. Laurie, the late Secretary, who is about to remove from Battleford to Regina. The President referred to the great services Mr. Laurie had rendered to the Association; and as he declined to accept the salary voted him for last year it was thought he should be given something as a token that his services had been appreciated. It had therefore been decided by the Association to offer him a silver cup bearing a suitable inscription. The President then sent for Mr. Laurie and on his arrival stated the decision the Association had arrived at and offered for his acceptance a silvercup, as a token of recognition of his work in behalf of the Association since its organization, and especially during the year just closed. In accepting the gift so kindly offered, Mr. Laurie said the pleasure in accepting it was only equalled by the pleasure he felt in the thought that his labors had been appreciated by Association.

Coughs, Colds, Croup.

Allen's Lung Balm was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectation and causes the Lungs to throw off the phlegm or mucus; cleanses the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balm will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma, and all diseases of the Lungs. ALLEN'S LUNG BALM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balm, call for a 25-cent bottle to test it.

ADVICE TO MOTHERS.
Are you disturbed at night and broken at your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. WINDLOW'S SOUTHERN SYRUP FOR CHILDREN TEething. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures diarrhoea, turns the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. WINDLOW'S SOUTHERN SYRUP FOR CHILDREN TEething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and pharmacists in the U. S., and is for sale by all druggists throughout the world. Price 25c a bottle.

A. H. Woodman, has been appointed agent for Blackwood's patent corkscrew, a piece of bar furniture that is as ornamental as it is useful. Call into the Wookbine saloon and Billy will show you how to operate it.

Major Cotton, Inspecting Superintendent of the N.W.M.P., arrived in town on Monday, and will return to Regina to-morrow, accompanied by D. H. Macdowall, M.P., and Const. Gingras. Mr. Macdowall will attend the bouspiel at Winnipeg, after which he will proceed to Ottawa, to attend Parliament. Major Cotton is making an inspection of all the N.W.M.P. posts.

It is rumored that the Citizen's ball will be held on Friday evening next, at the Police Barracks. We think it would be much better if the ball was not held just now, as so many of our town's people are either confined to their bed or house through sickness, and a number are away. There is plenty of time after Easter, April 6th, when those who are away will have returned, and it is to be hoped this epidemic will have let go its grip.

THE N. W. M. POLICE BALL.

The annual ball given by the non-commissioned officers and constables of F Troop was, as on former occasions, a grand success. The only marked difference between the ball held on Friday evening last and those of former years was in the number of guests. Formerly the large mess room, which was used for dancing in, was crowded to such an extent that those dancing had a very small space, but last Friday evening, although there were about 200 people present, there was plenty of room. There were no less invitations issued, but a great many of the town and country people are confined to their beds, suffering from this epidemic that is going, so that they and their attendants had to stay at home.

The mess room was gaily and handsomely decorated with flags and bunting, and the walls adorned with stars and shields made with bayonets, swords and bridle-bits used by the troop.

Dancing began about 9 o'clock and was kept up till about 3 o'clock on Saturday morning; the music being supplied by Messrs. D. Peterson and Ben. Cook.

In one of the barrack rooms a most sumptuous and inviting supper was laid out, which was partaken of about one o'clock; the guests being waited on by the police.

It was a beautiful sight to see the red coats of the policemen intermingling with the gay and handsome dresses of the ladies as they glided about the room.

All the members of the troop were untiring in their endeavors to make their guests enjoy themselves, and it is needless to say they succeeded admirably.

About three o'clock all took their departure after having spent a very pleasant evening.

CANADA'S COMIC PAPER.

GRIP begins its thirty-fourth volume with the New Year, which means that this brave little journal has celebrated its seventeenth birthday. When we say, as we can without hesitation—that its ability both literary and artistic has been kept up to a uniformly high standard throughout this long period, and that today it is as bright as ever, we mention a fact exceedingly creditable, not only to the conductors of GRIP, but also the Canadian people, without whose appreciation and support this phenomenon of journalism would have been impossible. We call it a phenomenon advisedly for so far as we are aware, there is not another country of Canada's age, certainly no other Colony, that can boast of a sixteen-year-old Comic-Journal. GRIP has well deserved its success. It is not merely a clever and amusing paper, it is also a recognized power in Canadian public life, which we are glad to say, is always on the right side where questions of moral principle are concerned. It ought to be a pleasure to every Canadian to contribute to the success of such a journal, and the most practical way of doing this is by subscribing. The price is only Two Dollars per year, or if taken in connection with THE PRINCE ALBERT TIMES, the price of both will be \$3.25 cash. Subscription may be sent direct to GRIP, Toronto, or to this office.
